

Tundra Swan Festival – Pend Oreille County – Calispell Lake Saturday

March 17, 2012

What To Bring

Clothing:	
Rain/Snow Gear	We are trying to schedule perfect weather, but just in case
Hat/Cap/Gloves	Always a must
Jacket	It's best to bring several light jackets that you can "layer" instead of one heavy jacket
Foot Gear	Warm and water proof is best, but if you don't have them bring extra footwear to change into.
Extra's	Sunglasses Sunscreen
Binoculars:	The most common or popular size is 7x25. But any size will help you id birds
Camera:	Bring a camera - any camera!!
Food:	Lunch at the Wellness Center.
Meals	There are several great places in the area on the page "Let's Eat" on www.porta-us.com
Bird Book	
Journal/List	You don't need anything fancy. Just something you can record the birds you see. It can be done with something as simple as a pocket-sized notepad.
